Greetings -

Again, here is my little catalogue. It is full of the better Dahlias, both old and new. To the beginner, let me say that the price does not necessarily mean quality. Many of the 25c Dahlias were once \$25.00, and are just as good now as then.

It was so kind for so many of you to write in telling of your success with my roots and plants. If other flowers grow for you, there is no reason why Dahlias will not be a real delight to you. My roots and plants are not forced, and for that reason the roots I ship are not large. A small root with a good eye is better than a large one.

Late ordering often leads to disappointment. Order early; it will help both the buyer and the seller.

Visitors always welcome. Be sure to come during September and October to see the flowers in bloom.

All stock guaranteed true to name and all roots to grow. Stock proving otherwise will be gladly replaced. I do not substitute.

Postage paid on all orders of One Dollar or over.

Cash with order. Stamps accepted on the smaller orders.

Roots shipped after April 1st unless otherwise ordered.

Plants shipped after May 15th; twenty-five cents extra for Special Delivery on Plants is good insurance.

No Dahlia Plants shipped outside the Japanese Beetle Zone.

BENNETT K. MATLACK,
Bridgeton, N. J.

HONEY

Delicious Golden Honey made by the bees from all the flowers. This honey has body and flavor that lighter honeys do not have. It is ripened on the hive. Most people love it.

5 lb. Pail, postpaid, \$1.00

in the first three postal zones (approximately 300 miles from Bridgeton).
